Sailing Secretary's Report

2018 Fixture List

At the end of last season we held a sailing meeting after the work party in the club house. It was a great discussion and there was a clear message that people wanted to see some change. Your committee has listened and I hope you can see that incorporated in the fixture list.

Communication 2018

At the sailing meeting it also came across very clearly that information and communication on sailing matters could be better. I intend to resolve that this year with regular sailing reports throughout the season.

Duty Man

The committee will be trialing Duty Man this year with the aim to a. remind people of their duties & b. an easy way to manage duty swaps. More information & guidance on how to use will follow.

Racing Results

A racing information board will be introduced this year. All race results and relevant sailing information will be displayed throughout the year. The results will also be posted on the website

First & Final Fling Regattas

Both regattas will be open events this year. It takes a lot of people to run a proper regatta. Please watch for the volunteer notices that will be posted and be prepared to offer help at one of the events.

Duties

If your name does not appear on the duty list and you would like to volunteer or you don't feel you have the necessary skills but would like to learn, please get in touch with me. I can then arrange to organise the necessary training. The more people we get involved the more time we all get to sail.

Work Party 24th & 25th March

We are all looking forward to a great season, the work party is not too far away. Many hands make light work! Looking forward to seeing you all at the work party.
