

L.E.S.C. 2021 Course Card

Note: Marks W & Z are orange marks that have faded white. Mark 11 is white. All other marks are yellow.

The Start line is formed between the **orange pole in front of the race hut and mark X.**

There are two finish procedures in operation for club racing at LESC.

1. Competitors record their own finish time when the helm sees the black line below the hut window & the orange pole aligned. The helm is responsible for updating his time on the race sheet after coming ashore.

2.  Code flag T is flying from the flagpole. This indicates we have a volunteer timekeeper in the hut who will sound a horn and record finish times when a boats bow passes across the line formed by x and the orange pole.
